

You're cleared to land

Anywhere in the USA with
Europe's first *Full US CBP* facility.

- Pre-clear passengers through US customs and immigration.
- Fly direct to any airport in the USA.
- Full use of domestic terminals where you land.
- Create new route opportunities.

Europe's first *Full US CBP* facility

With Full US Customs and Border Protection (CBP) facilities at Shannon Airport Ireland, your airline can now land at any airport you choose in the USA.

This new facility allows you and your passengers to pre-clear all formalities for US Immigration, Customs and Agriculture.

With dedicated facilities for all *Commercial*, *Technical Transit* and *Business jet* operations, your arrival in the USA will be effortless and seamless when you use Shannon Airport.

Airline benefits

- Land at any airport and use domestic terminals on arrival, thus reducing your costs.
- Avoid congestion and delays at international terminals – maximising aircraft utilisation.
- Develop and create new routing opportunities and airline partners.
- Reduce connecting time for your passengers for onward travel within the USA.
- Secure and efficient entry process to the USA.

Passenger benefits

- They arrive as domestic passengers – faster process through airport terminals.
- No changing terminals from international to domestic for connecting passengers.
- Shorter connecting times mean passengers reach their final destination earlier.
- Baggage checked to the final destination – no pick up/drop off.

Shannon benefits

- Open 24 hours – 365 days.
- Competitive fuel prices.
- 3,200 metre runway offers maximum take-off conditions winter and summer.
- No curfew or slotting arrangements exist.
- No operational or local authority restrictions apply.
- No restrictive noise abatement procedures night or day.
- Excellent all year round weather record.
